Our chairperson, **VANESSA CREAMER** writes:

"Happy New Year from the deep south!

Now that the end of January has arrived here in Fiordland, summer has finally arrived. Up until now the temperature outside at Milford Sound has been in single digits, with rain, rain and more rain! It is wonderful to be able to spend some time in the sunshine and warmth that it brings.

I wish everyone all the best for all that 2010 brings, and look forward to catching up with everyone later in the year."
